SUGARIN® | शुगरइन

Confectioners' Glaze

www.**sugarin**.shop

Sugarin Confectioners' Glaze is shellac based glaze that can be used to coat Fondant, Chocolate, Compound, Royal Icing and almost all kind of food products. Because it contains moderate amount of shellac, it gives good quality satin gloss. Just one coat and it gives smooth satin finish and gloss. It dries very fast once applied and leave smudge free, shiny, glossy film. It's best to protect foods from environmental humidity and debris. Only for external application and never use for adding into the food products.
