Whipping Colors

Super Concentrated Powder Colors

Just 4 easy steps to intense colors

1. Just add Whipping Color to melting cream and mix very well.
Do Not Beat!
2. Once color is well mixed, keep in refrigerator for 20 min for
3. After 20-30 min, again mix and check if the color is what you want.
If needed more intensity, you can add more and repeat cooling in refrigerator and mixing for color to develop.
4. Once right color is achieved, start beating.

IMPORTANT

To avoid staining of palate & tongue, don't add large quantity of Whipping Color. Start with small amount & add more after testing.
